A PLEA TO MEMBERS:

If you haven't as yet turned in your ancestor charts to our file you may still do so. We are trying to build up the Family History Section in our Library. Anything that you wish to add to your chart, or include with your file for public use, please do it now. This could be a helpful tool to others working on the same family names as yourself. A supplement to the index will appear from time to time as we receive more names.

--siblings of grandparents, etc. can help so much to establish ties, include them if you have them, please!

Do You Understand How The Index Works?? Everyone has a different way of numbering their chart. In a project of this sort, it can be very confusing. To un-ravel the numbers of the following lists, the MAJORITY are listed in the example below:

Husband's Chart

ADAMS: 50-7 & 9; 149-A1  
50 & 149 are membership no., 7 & 1 are page no.,

GENEALOGICAL HELPER

This magazine has been purchased for the benefit of our members and is in our Genealogy Room. So ask the Librarian for a copy. Sign out and take it home! Many publishers advertise their latest family histories in print. Check it out.

\*\*\*\*\*

Don't forget that Family Associations are growing in number and can be a big help. Many have newsletters. Some of these flyers come in to our mail and are filed in our cabinet in the Library.

\*\*\*\*\*

In the same line (almost) is the warning of ordering anything from Beatrice Bayley on YOUR family name. Can't be repeated often enough to beware of this kind of rip-off operation. Most societies have alerted their members of this hoax. The book is mostly blank pages, plus xerox copies of phone pages listing others with the same name.

\*\*\*\*\*

Do you have a book (or books) you would like to share with the rest of us? Why not give it to our Genealogy collection?

Recent gifts:

KANKAKEE VALLEY GENEALOGICAL SOCIETY -- MEMBERSHIP LIST

The following is a complete and total listing of all past and current (1982) members from its inception in March, 1968. Current members are marked with an "\*". Since many of our past members have ancestor charts on file in the library, this listing is made available for use with the Surname Index of these charts also being published in this issue. Also, it is hoped there will be better communications between our members and fellow researchers, especially our very loyal out-of-town members.

Members Nos. 1 through 29 are Charter Members.

Telephone numbers are included where known. Area Code is 815 unless otherwise noted. Please advise the editor of any corrections and additions so they may be published in future issues.

Tracing one's ancestors is getting to be an obsession. The question is, would those ancestors, if given the opportunity, be as eager to trace their descendants?

If your father was born in Iceland and your mother in Cuba, does that make you an Ice-Cube?

Searching for burial place of Gertrude WOLLEN HAUPT, mother of Catherine "Kate" WOLLENHAUPT, who is wife of Henry LICHTENBERGER, of Bonfield, Illinois.

#### MOTHER AND THE MODEL T

My parents' time was called the "horse and buggy generation",  
Which never heard of such a thing as driver education.  
They learned to drive horses at their parents' knees,  
How to make them go and obey their "haws and gees".

So when my brother bought his Ford, he thought it would be nice  
If he taught my folks to drive so he showed them once or twice.  
We watched my father take the wheel and going full speed ahead,  
We heard him shouting, "Whoa!" As he slammed into the shed.

My brother yelled at him, "Push the pedal for reverse!"  
In backing up, he smashed the mailbox, muttering a curse.  
Well, Mother glared at him and said, "Be careful what you say!"  
And decided she would wait to drive until another day.

Then one morning bright and early, from my window I could see  
Mother in the driveway cranking Harry's Model T.  
It sputtered and it wheezed as she ran and jumped inside,  
But before she touched the clutch, the engine coughed and died,

Then out she got and cranked away, this time she was faster,  
As she kept the motor running, she proved to be the master.  
With one big leap she was off, today they'd say she "peeled",  
And I said a silent prayer as she headed for the field.

'Round and 'round and 'round she went, watching made me dizzy,  
As she practiced her skill in driving that Tin Lizzy.  
She slowed 'way down, then speeded up, trying out the gears,  
And doing it so well that I soon forgot my fears.

But just as I relaxed a bit, I heard a sort of clank,  
It was Mother and the Model T colliding with a bank!  
So I hurried out to see the funniest sight in all the land,  
Mother stepping from the car with the steering-wheel in hand!

I'm sure I never laughed so hard in all m life before,  
But she failed se see the humor as she vowed to drive no more.  
In later years she joked about her early driving lesson,  
When she said she "took the wheel", it was a literal expression
